

# Week 4 Report

---

## 1. Commits on Jan 8, 2026

### Kimheng:

- adding param in build.gradle

```
tasks.named('compileJava') {  
    options.compilerArgs.add('-parameters')  
}
```

It tells the Java compiler to store method and constructor parameter names in the compiled class files so frameworks and reflection can access them at runtime.

- Changing AdminController, PaperController, and ReviewerController to have `value = "Search"` and `value = "status"` at `@RequestParam String Search` and `String status`

## 2. Commits on Jan 9, 2026

### Pheaktra:

- In PaperController: change `@PathVariable("id")` to `@PathVariable Long id`
- Reformat code in my-reviews.html, and edit Review button, visible only if review is COMPLETED
- prepare submit.html for edit section
- add edit the review to **review controller** so reviewer can edit what they has reviewed
- add `detail-review` page and add route **view review detail** in **ReviewController**
- fix logic on back, cancel btn, after submit review and after edit review and fix routing of submit new paper on my-paper.html
- fix back arrow logic (doesn't work, still return to dashboard)

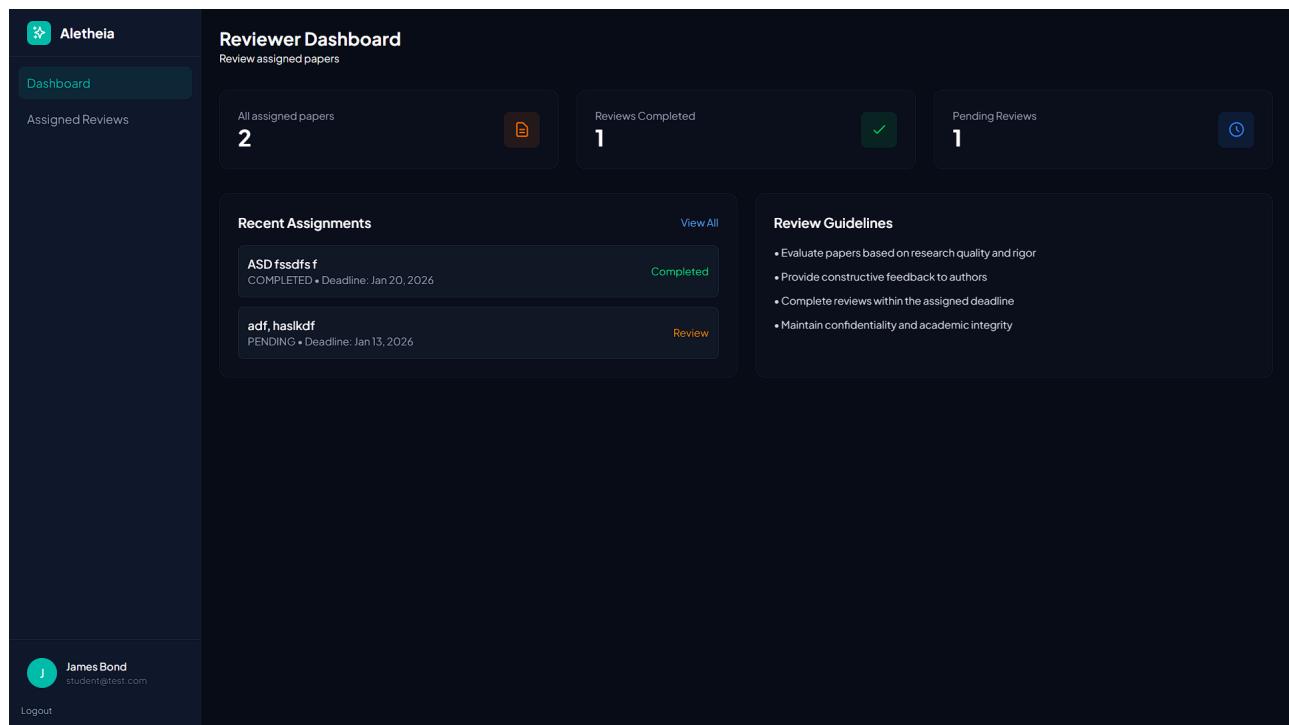

### Setha:

- Accepted all merge pull request from Pheaktra

## 3. Commits on Jan 10, 2026

### Phayuk:

- User can edit their profile (the background is white)
- add `ProfileController.java`, `edit.html` files, and edit `fragments/sidebar.html` file
- fixed reviewer dashboard for reviewer dashbaord to show the number

- removed `AssignmentController` since we not using it
- changed edit profile ui to have dark background matching the rest of the pages
- fix edit profile for admin to see admin role option too

### Kity:

- complete delete paper feature in manage paper for admin
- fix bug delete on researcher where the researcher is not able to delete their own paper

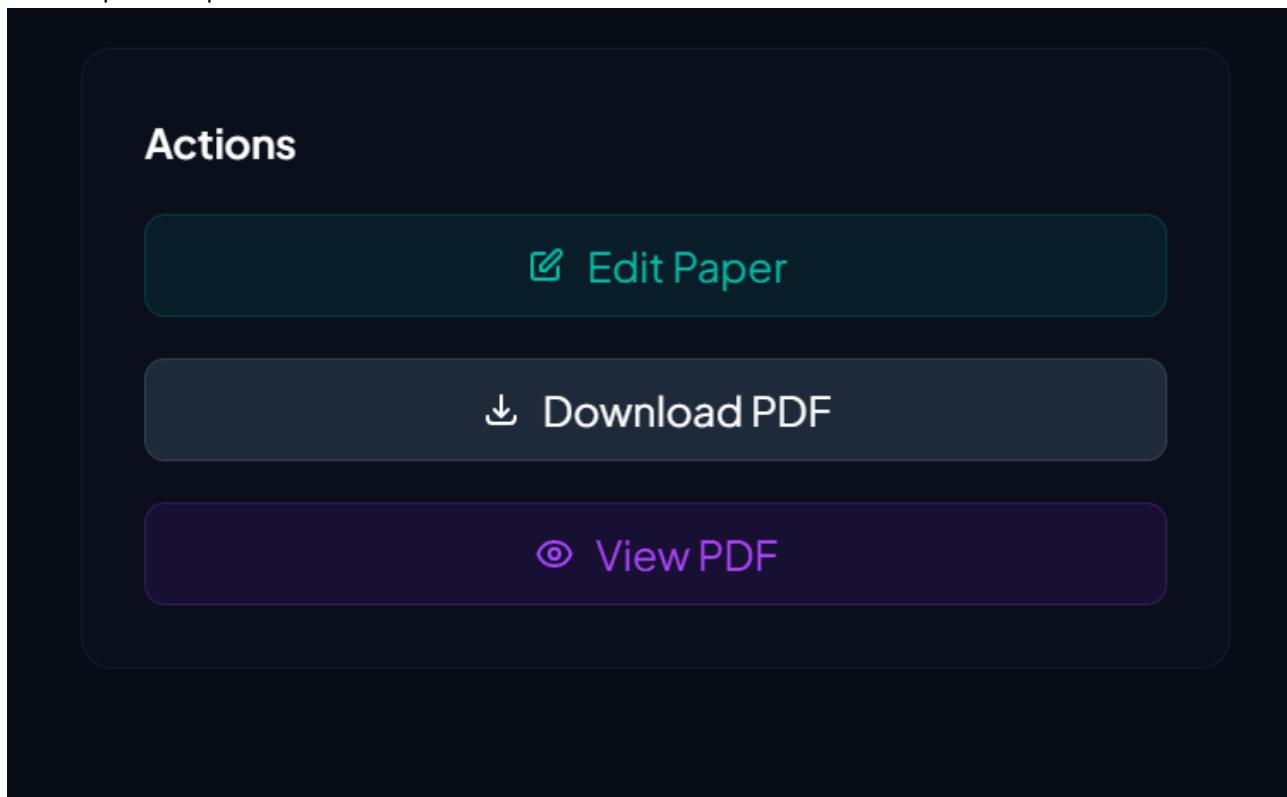

### Pheaktra:

- validate deadline date and fix back arrow logic on detail-review.html

### Kimheng:

- add feature view in the details page and update the file edit form

feature preview pdf

update edit file form

The screenshot shows the 'Edit Paper' page. On the left, there's a sidebar with links for 'Dashboard', 'My Papers', and 'Submit Paper'. The main content area is divided into two sections: 'Paper Information' and 'Paper File'. The 'Paper Information' section contains fields for 'Paper Title' (with a green checkmark), 'Abstract' (with placeholder text 'This is my new draft for submit form. It tracking the requirement part'), and 'Research Area' (set to 'Software Engineering'). The 'Paper File' section shows a current file named '003fd0da-4b75-444c-b858-d2c03222fe7\_TP5 (2).pdf' and a placeholder for uploading a new file.

- fix bug: no need to upload new file for edit form/paper
- improve paper edit and review pdf handling
  - Add PDF preview and download with original filenames for reviewers
  - Improve file security checks in review endpoints
  - Improve back and cancel button route for researcher side
  - add feature preview pdf on the reviewer side
- New paper details:

The screenshot shows the Aletheia web application interface. On the left is a sidebar with icons for Dashboard, My Papers, and Submit Paper. The main content area is titled "Paper Details" and displays a paper titled "asdasld kahskdjhqa wksjd" submitted by ChansethaTek on January 10, 2026. The status is "PENDING". The abstract and keywords sections are present but contain placeholder text. A note indicates that reviews will be available once the final decision (Accepted/Rejected) is made. To the right, there is an "Information" section with fields for Research Area (Skibidi), Submitted On (10 Jan 2026), and File Name (ch5.pdf). Below that is an "Actions" section with buttons for Edit Paper, Download PDF, View PDF, and Delete Paper.

preview file

The screenshot shows the Aletheia web application interface, specifically the preview of a presentation slide. The title of the slide is "Chapter 5: CPU Scheduling". Below the title is a decorative blue bar. In the center of the slide is a small image of a colorful cartoon dinosaur standing on its hind legs, enclosed in a blue frame. The slide has a white background and a dark border. The Aletheia sidebar is visible on the left, and the Windows taskbar is at the bottom.

download pdf file

The screenshot shows a web application interface for managing research papers. On the left is a sidebar with various icons and a user profile for 'ChansethaTek'. The main content area displays a paper titled 'asdasld kahskdjhqa wksjd' with a status of 'PENDING'. The 'Abstract' section contains placeholder text. The 'Information' panel on the right shows the research area as 'Skibidi', submitted on '10 Jan 2026', and the file name as 'ch5.pdf'. Below this is an 'Actions' panel with buttons for 'Edit Paper', 'Download PDF', 'View PDF', and 'Delete Paper'. A download notification for '6b531e41-05ab-4ad1-a002-cf7114fa3e29\_ch5.pdf' is shown at the top right. The bottom of the screen shows a Windows taskbar with weather information (27°C, mostly cloudy) and system status.
